

## Back to School Issue

Hello, and welcome to *Mindscape Commons'* third quarterly newsletter.

Your university library currently has purchased a subscription to [Mindscape Commons](#), a database of mental health instructional video content. **The videos, many of which were filmed in 360°, are free for you and your students to use!**

Videos range from 3 to 15 minutes in length, come with instructor guides, and can easily be embedded in your learning management systems.

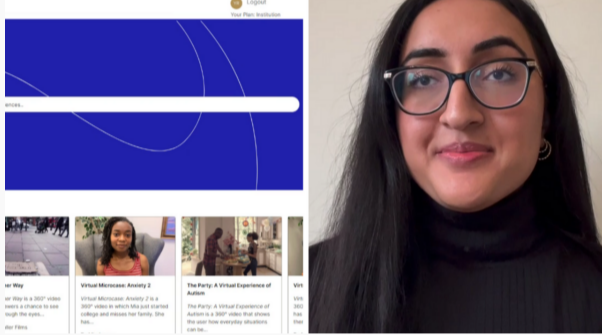

### Teaching Mental Health in Nursing or DSM-5?

Observe patients presenting a range of symptoms including anxiety, depression, suicidal thoughts, grief, trauma and others with our 3 to 5 minute [Virtual Microcases](#). Be sure to review our comprehensive [Instructor Guide](#), an excellent tool to help faculty implement the videos.

### Teaching Neurodevelopmental or Neurodegenerative topics? Immerse yourself in another person's story.

[The Party: A Virtual Experience of Autism](#)  
[Autism: Too Much Information](#)  
[Coping with Alzheimer's 360](#)  
[A Walk through Dementia Walking Home](#)

Need some help figuring out how to find the right video? [This 4-minute video guide](#) breaks down the essentials on getting the most out of *Mindscape*.

We'll continue to deliver updates and tips in future newsletters. In the meantime, if you or your users have questions, including requests for links for a syllabus or LibGuide, please reach out. We're here to help! And... thank you.

Best,
